

## PlayXtreme 2

Wireless Internet TV HUB

 with Android 4.0

## PlayXtreme 2, Android Media Player

ITV102EW

Powered by Android 4.0 platform, **PlayXtreme 2** converts an LED or HD TV to an Internet-enabled one, transforming TV viewing experience to an engaging adventure with the integrated capabilities of the Internet, computer, TV and media player. All that is required is a broadband connection and a TV with HDMI or composite video input.

The slimmer and sleeker **PlayXtreme 2** is incorporated with a key feature app, 1 Mobile Market, which allows consumers to select up to 200,000 apps for download. Other pre-installed apps include:

### Key features

#### Full HD Media Playback with UPnP

Immerse into crystal-clear movie quality as **PlayXtreme 2** is a well-equipped media player to stream online, from external USB drive, SD card or NAS network HDD. **PlayXtreme 2** supports HDMI 1.3 digit audio/video interface, 720(50/60Hz) and 1080i (50/60Hz) up to 1080P (50/60Hz). UPnP, Universal Plug and Play, allows seamless sharing of media on the network without any configuration.

#### Web Browsing, Social Networking, Instant Messaging, Movies and Music

Launch favourite online sites onto the big TV screen. Email, chat and interact with friends on a TV display instead of being confined to the small screens of the personal computer, laptop or tablet. The android 2.3 system supports HTML5 and Flash 10.3.

#### 2.4GHz Wireless Touchpad Remote Control

**PlayXtreme 2** is shipped with a slim and compact Wireless Touchpad Remote for more intuitive navigation and control.
